TEKNO-MAR GEM C L K ELEKTR K. MAK. MOB. TAAH. TES. SAN. T C. LTD. T

TEKNO-MAR GEM C L K has been in business since 2003, located at Deri Organize San. Bölgesi (Leather Organized Industrial Zone), Tuzla, Istanbul operating in its 1200 sq. m. indoor area out of 2000 sq. m. total area, manufacturing and mounting fire proof doors, PV valves, water proof steel doors, deck equipments, pressure tanks with the help of its expert and experienced staff. As TEKNO-MAR GEM C L K, we have been contributing our country's industry primarily in maritime sector by rendering services to epoxy and chrome nickel tank oil tankers, heavy cargo vessels, multi-purpose container vessels, tugboats and freighters with the know-how and experience we have gained over the years and have been assessed and found to be conforming to the requirements of ISO 9001:2008.

We have well-established and firm business relationships between the seller and the consumer by rendering services both with our C.N.C. machinery and mechanical equipments. This firm relationship strengthens the already developed trust between our company and consumers.

As a company, we have created excellent commercial cooperation with our customers by gradually developing our skills and knowledge. The fact is that our company have always been in the pursuit of the "better" with its fair price, fair trade, on time service and following the innovations policies.

OUR MISSION

Our mission is to determine and meet the demands and expectations of our customers for production and to ensure the highest level of satisfaction for the products and services they receive. The duty of all our employees is to abide by the principle that " Quality is not controlled but created and managed", to ensure quality and reliability and to protect and maintain company reputation. As TEKNO-MAR GEM C L K, we aim to be one of the leading company in the sector by catching up with the technology via following the improvements effeciently and continuously,

OUR VISION

We set out on the road with the notion that "only TEKNO-MAR achieves this task" and have always aimed to be the preferred, reliable and the leader in the sector.

OUR QUALITY POLICY

Replacing the old raw materials and equipments with the new ones to produce high quality products by following technological innovations is essential in the current global competition environment, as well as producing high quality and first time manufactured products in line with the international production standards and regulations based on our customer demands and expectations with our customer oriented sense of quality.

Our goal is to perceive the demands of our customers correct and to create suitable solutions accordingly, to fulfill their orders at every step of work and to increase customers' trust to our company continuously by collaborating with all our units to make progress.
